Aubrey Camille Soliman

I am a PHP programmer with 3+ years of commercial experience. I have spear-headed multiple related project feature release. I like to read about the latest technologies and current popular frameworks during my spare time. Currently I am learning AngularJS, C#, ASP .NET, Visual Basic and SQL Management Studio.

EDUCATION

Mapua University (Philippines)

- **Bachelor of Science** in Information Technology. Major in SAS Business Analytics.

TECHNICAL EXPERTISE

WEB TECHNOLOGIES

- PHP, Linux, Apache, JSON/API, Bootstrap, HTML5/JavaScript/CSS, ASP.NET MVC, AngularJS

DATABASES

- MySQL, Microsoft SQL Server

TOOLS/LIBRARIES

- PHP Storm, Git, Redmine, Backlog, Ganglia, ReShaper, Visual Studio 2012

PROFESSIONAL EXPERIENCE

MVP Studio (New Zealand)
Software Development Intern   Oct 2017 – Present

Currently working on the on-boarding task.
